

## **RECYCLING UPDATE**

We would like to thank everyone who helped with the Household Hazardous Waste Days at the Southeast Berrien County Landfill this year, 2019! Special shout out to Jill Adams, Josh Eagleson, Greg McNair and all the dedicated recyclers! We would not be able to do this event without the support of the County and its residents. We appreciate everyone's commitment to a cleaner and safer community by disposing of materials correctly.
